☞ GOOD WORK A SPECIALTY.

GOSSAMER WATER-PROOF CAPE.

THE MANUFACTURERS claim for the above new style of cape the following:

That they are perfectly water-proof.

That, if worn in the rain twenty four hours, they will not absorb any moisture, while the old style will nearly double its weight, and not keep the wearer dry, either.

That, when rolled up, they are only seven inches long, and three inches in diameter, and can be carried in the pocket, while the old style is as large and cumbersome as a woolen shawl.

That, being so light-weight, and having no warmth, they are welcomed by all ladies for warm-weather use, or to throw over a winter cloak in cold weather.

That they are not affected by either cold or heat, neither will they become soft and useless with warm damp weather.

That all who have used the Gossamer Capes have expressed themselves perfectly satisfied with them.

That a lady, who has a Gossamer in her pocket, can leave the troublesome umbrella at home, and if the rain comes before she reaches shelter, with the Cape thrown over her, and the hood over the bonnet, she is far better protected than she could be with the umbrella.

For sale at manufacturers' prices.

WEDNESDAY, MARCH 3, 1875.

DRESSING STATUES.—The modern sculptor has a hard time of it with his portrait statues, it must be confessed. What is he to do? Shall he dress a gentleman as he finds him; go back to the toga; or go farther back still to the altogether natural man? Or shall he compromise with a cloak or waterproof as in the case of the Savior of his Country, expiating his virtues in Union Square? They have the same trouble in England as here: *vide* William B. Scott. For centuries, he says, the portrait statues of their kings appeared in the Roman cuirass with bare arms and knees, and their statesmen in the chlamys and toga. "One last step only was wanting to adopt the ideal antique and abandon clothing altogether, and this was very nearly accomplished toward the close of last century. Canova's statue of Napoleon, now in Apsley House, is absolutely naked; and the statue to Samuel Johnson, in St. Paul's, is almost undraped, the single loose covering being thrown so as to be only useful for the sculptor's supposed artistic purposes—a ludicrous spectacle in a simply rational point of view; the stout old gentleman as he leans his head in his nakedness, seeming to be saying to himself: 'What a sad case things have come to with me at last, standing before the public in a state of nature.'"

It is a matter of tradition that the statue of Washington, by Greenough, in the grounds of the Capitol at Washington, is saying, as plain as gesture and countenance can say: "My sword is by my side, and my clothes are in the Patent Office"—toward which he points with majestic modesty.—[Scribner for March.

Special Notices.

CONSUMPTIVES, TAKE NOTICE.

Every moment of delay makes your cure more hopeless, and much depends on the judicious choice of a remedy. The amount of testimony in favor of Dr. Schenck's Pulmonic Syrup, as a cure for consumption, far exceeds all that can be brought to support the pretentions of any other medicine. See Dr. Schenck's Almanac, containing the certificates of many persons of the highest respectability, who have been restored to health, after being pronounced incurable by physicians of acknowledged ability. Schenck's Pulmonic Syrup alone has cured many, as these evidences will show; but the cure is often promoted by the employment of two other remedies which Dr. Schenck provides for the purpose. These additional remedies are Schenck's Sea Weed Tonic and Mandrake Pills. By the timely use of these medicines, according to directions, Dr. Schenck certifies that most any case of consumption may be cured.

Dr. Schenck will be at the Quincy House, Boston, on the following Wednesdays, from 9 to 3 o'clock: Jan. 13th and 27th, Feb. 10th and 24th, and March 10th and 24th. Consultation free; but for a thorough examination of the lungs, with the Respirometer, the price is $5.

Dr. Schenck is professionally at his principal office, Corner Sixth and Arch Streets, Philadelphia, every Monday, where all letters of advice must be addressed. jan3-eod

THE DAY.

In the United States Senate Tuesday the force bill was read a second time, and the third reading being objected to, it was laid over. The river and harbor bill was reported back. The House bill to equalize soldiers' bounties was amended and passed, the vote of the Senators being a tie and the Vice President casting the decisive vote.

The resolution offered by a majority of the Congressional committee on Arkansas was adopted Tuesday in the House of Representatives by a vote of 142 to 80. The resolution is to the effect that no federal interference in any form with the present government of Arkansas is advisable. The minority resolution, which accords with the President's recent special message, that Brooks, whom the President declared last May to be an insurgent, is the lawful governor of the state, was defeated by a vote of 152 nays to 70 yeas.

THE NEW CHARTER.

The city charter which was presented to the city council last night is in the main a copy of the charter of Providence. Several minor provisions of the present charter which have become obsolete through subsequent legislation are omitted. Provision is made for the election by the board of aldermen of a president pro tem., who shall have all the power and authority of mayor when the latter official is unable to act. If Mayor Slocum had been sick or disabled, or out of town at the beginning of the municipal year the city government could not have organized. Against such a contingency the new charter makes provision. The maximum sum which the city council is allowed to spend for a new object in any one year is increased from $3000 to $5000. The present limitation hampers the council more than it protects the tax payers. The latter sum is smaller in proportion to prices in general and the expenditures of the municipal government than the former sum was when the charter was granted. The city ought to be able to find councilmen who can be trusted as far as $5000. The principal change proposed by the new charter is in the nature of a return to the present charter before the late amendments were made. It provides that the city marshal, street commissioner and superintendent of public schools shall be elected annually by the city council, the school committee, as at present, being chosen by popular vote. We believe this change will be very generally approved. The city council ought to be responsible to the voters for the execution of ordinances and the management of the various departments. They should, therefore, have the selection of their deputies, and the power to remove them for incompetence or misconduct. The city council make ordinances and should determine who should be the city marshal to execute them. They make appropriations for streets, and order what streets shall be altered or improved. The agent to carry out these orders should be responsible to them for the manner in which he does his work. At present he can do as he likes about it. There are similar reasons why the superintendent of public schools should be responsible to a small body of men who meet oftener than once a year, and who will have to give an account for their stewardship. What is everybody's business is nobody's business, and a responsibility that rests alike on all voters rests easily on the shoulders of each one. A man who is responsible to everybody is more apt to be turned out of office for personal unpopularity than for inefficiency or misdemeanors. The proposed charter preserves unimpaired the power of the people over the city government. The latter may be entirely changed every year. The proposed charter simply increases its responsibility and gives it the means to meet that increase.

PERIODICALS.

The Aldine.

The March Aldine,—by far the finest illustrated periodical in the country,—opens with a fine picture of a pretty girl admiring her new doll. "The Modern Adam and Eve" is a spirited engraving after Compte-Calix. "Adam" has reined in his steed under an over hanging apple tree and "Eve" is standing on the crupper and reaching the fruit. There is a full page copy of Krusemman Von Elton's "Evening at Pigeon Cove, Massachusetts." "The Fisherman's Daughters" after Lajeune is one of the best things in the number. For studies of faces one seldom sees anything better than "The Confession" by Ludwig Passino and "The Stillness of Death" by Carl Hoff. "The Dews of Evening,"—a group of angels,—by John S. Davis, is a marvel of drawing and engraving. The number closes with some small engravings of Hereford cathedral. Among the literary contents are "The Flute Tortures of Raphael Mengs, from the German of Elise Polko. Lost Lillian Bray, a tradition of Charles II's time, chapter X: Harry's Wail, a bit of belated Christmas: and David Garrick, by Joseph Watson of this city.

The Atlantic Monthly.

Conspicuous among the contents of the March Atlantic are three articles representing the departments of history, political economy and humor. Frank B. Sanborn contributes the third of his series of papers on John Brown. In this article he speaks of him after most of the fighting in Kansas ceased and before his descent on Harper's Ferry. During this period he planned the culminating act of his life, and revealed his intention to some of his most trusted friends. Mark Twain gives a third chapter of the experiences of a cub pilot on the Mississippi. The article is full of that peculiar humor for which Mr. Clemens is so well known. His kind desire to tell Mr. W. the location of the boat and the astonishment of Mr. B. at the magnitude of his cub's self-conceit are capitally described.

Political economy is represented in this number by another of David A. Wells's clear and forcible articles on taxation. In a part of this article he simply amplifies the views he has already expressed concerning the illegality of taxing personal property that is outside of jurisdiction on account of the owner's being within jurisdiction. The rest of the article contains new matter. The title of this paper is "Taxation Without Jurisdiction Unconstitutional." In it he shows by citations from the decisions of the United States Supreme Court that a state cannot tax property beyond her jurisdiction, though held by her citizens; that the bonds of a Massachusetts railroad, held in Rhode Island, can not be taxed in Massachusetts; that the theory that personal property, irrespective of its situs, follows its owner for purposes of taxation is a relic of the feudal ages, and has been condemned by the Supreme Court; that the taxation of contracts is a taxation of debtors, and, therefore, that Rhode Island can not tax mortages or leases or similar documents made by debtors in Massachusetts to creditors in Rhode Island; that a state cannot tax bills of lading on property transported from a point within its jurisdiction to a point without it, nor can she tax verbal contracts, book accounts or written instruments arising from the delivery and sale of property passed and transferred from its own territory to some other state; and finally that credits and titles are not property and cannot be taxed anywhere. This article ought to be widely read. Cases of double taxation are of frequent occurrence. Cases of it have recently occurred in this city and Tiverton.

The other articles of the magazine are as follows:—Historical portraits lately exhibited in Paris, by W. J. Hoppin; Perna's Daughter; A Cornish Legend; by Rose Terry Cooke; Brother Christopher, by E. S. Thayer; Fancy's Masquerade: by Kate Hillard: Hilda, by John Vance Cheney; Origin of the name America, by Jules Marcou; Delay, by Louisa Bushnell; Roderick Hudson, by Henry James, Jr.; By the Dead, by Albert Laighten; After the Tornado, by Paul H. Haynes: Forsyth (Willson, by John James Piatt; Asather's Vengeance, by H. H. Boyesen: A State Survey for Massachusetts, by N. S. Shaler; Beyond Recall, by Mary E. Bradley. The educational editorial is on the compulsory system.

St. Nicholas.

One of the greatest pleasures which St. Nicholas brings to its readers, is certainly the monthly chapters of Miss Alcott's story. This time we catch a delightful glimpse of the "Eight Cousins" at home and in the very midst of the confusion and riot produced by Uncle return of their sailor-uncle. Just as interesting, also, is the sight of Rose in her new fancy costume, and the peep with her into that curious room never before explored, where she makes a great discovery.

But Rose is not the only character in the March number who meets with a remarkable surprise, for in Mr. Trowbridge's serial the Young Surveyor is as completely astonished by finding his stolen horse when and where he does. If ever there was an ingenious horse-thief, the fellow who captured "Snowfoot" was he! It is a proof of his cunning, that Jack, after all his efforts to find the missing animal, and after his search has been at last so strangely rewarded, is not yet "out of the woods," and seems to be threatened with another unexpected adventure.

Almost all boys and girls like narratives of wars and battles, and they will find a story of this sort in the poem called "The War of the Rats and Mice," which is every whit as thrilling in its way as the deeds of any favorite hero from Richard Cœur-de-Lion to Jack the Giant Killer. The illustrations by Stephens are admirable; one of them, a true "battle piece," representing a tournament both exciting and novel.

As for the rest of the number, we have several excellent stories by Frank R. Stockton, Amelia La Farge and others, sketches of travel and science with illustrations, an article by W. H. Rideing on the Naval Academy at Annapolis, a French story, two delightful poems by Lucy Larcom and Mary E. Bradley, and—besides other good things—the irrepressible Jack-in-the-Pulpit, whose fun and jokes are always full of wisdom.

The empress of China, overcome with grief at the death of her husband, has committed suicide.

The almond-eyed beauty,
Auntie,
Is still performing her duty.

Bereavement mulled her,
Consider
The fate of remaining a widder!

She, scorning to marry,
Or tarry,
With a heigh-ho commits hari-kari.

LOCAL AFFAIRS.

—The ice in the harbor is growing thicker.

—Harper's Weekly illustrates Burnside's speech.—Clarke and Tilley have it.

—The surf on the beaches and along the coast today is good.

—Dr. Carpenter makes his usual visit to this city tomorrow and can be consulted at the Perry house.

—A rose by any other name would smell as sweet, and so will Broad street when not Broad street called.

—The City of Newport left Providence at 3 P. M., yesterday and arrived here at six o'clock.

—The Jamestown towed the Nathan F. Dixon out of the ice this morning, and enabled her to start for Block Island.

—Reports from Mr. Alfred L. Hammett, who has been very ill of pneumonia in New York, indicate his condition as improving.

—The Knights of St. Patrick will celebrate the approaching anniversary by a ball in the evening.

—The engine houses don't seem to be used as loafing places much now. The fire department's bill for the three Winter months just closed amounted to only $112.

—The Senate committee on appropriations has decided in favor of appropriating $1500 for a reservoir at the Block Island station, and $10,000 for a fog signal at Castle hill.

—The ladies of the Central Baptist church will have a sale of fancy articles in the dining room of the Aquidneck house next week. The occasion will doubtless be a pleasant one.

—Michael Ryan, a well known and very popular hackman, died at his home on Tanner street on Monday, after a short sickness which resulted from a cold caught while attending a wedding, February 9th.

—While backing out of Wickford harbor yesterday morning the Eolus broke the lower pintle of her rudder, and she will have to go into the dry dock at Providence for repairs. The American Steamboat Company's boat Whatcheer was chartered to take the place of the Eolus.

—In a communication to the city council last night Mr. William Pinniger said that when he first entered on his duties as inspector of kerosene he sent ten or twelve barrels of oil back to the wholesale dealers in Boston because it would not stand the test, and that since that time the same dealers had sent oil here that was of an excellent quality.

—The Old Colony left here at noon yesterday, arrived at New York at 10.45 P. M., and left again for this place at 1.20 this morning. The Newport left here at 10.15 last night and the Empire State at 1.15 this morning, with freight only. The freight at the wharf is rapidly diminishing in quantity. Only one boat load is now awaiting transportation.

—It is said that Daniel McGowan, the well known and gentlemanly clerk in the postoffice, has drawn a prize in the great Kentucky lottery. He holds one tenth of ticket number 52,437 which is reported to have drawn $30,320. His friends are congratulating him on his good fortune, but we hear of no similar congratulations toward the almost countless number of poor victims in the city whose money has gone into the swindle and who have taken blanks.

—The dispute between John Waters & Co., and the captain of the schooner Ruth H. Baker over the former's claim for services in hauling off the schooner, which had run ashore, was settled yesterday by referees. The captain of the Ruth H. Baker also paid the wreckers for hauling off the schooner Melissa A., Willey which was dragged ashore by his vessel. The amount paid to the wreckers is understood to be $300 out of which they make good the slight damages sustained by the Melissa A. Willey.

—Ice is sometimes quite tempting though not always safe. A man from one of the vessels in the harbor undertook to walk to the shore about noon today, and when near Finch, Enos & Co.'s wharf broke through and found himself in serious trouble. For some time it seemed that his chance for life was small. By cries and calls for help he attracted the attention of a large number of spectators on the wharves, but they could do nothing for his relief. Some men on a vessel understanding the situation put out in a small boat, and finally by expert management and some risk to their own lives rescued the well nigh drowned man, and gave him a new lease of life. We could not ascertain the names of the parties.

THE NEXT LECTURE.—The lecture of the regular course tomorrow evening is by the Rev. H. M. Gallaher. The Brooklyn Eagle thus describes a late lecture by this gentleman. "All through the lecture there was a constant stream of anecdote, satire, ridicule and genuine humor, delicate and subtle, the aroma of which cannot be caught and pinned to paper. The speaker was frequently applauded to the echo, and was heartily appreciated." It will be remembered that tickets for the three remaining lectures are offered at the low price of seventy five cents.

She said: "How long are you going to stand before that glass?" Said he: "Until I see how my ulster hangs. But that's just the way; a woman never takes any interest in her husband's dress after she's been married a year."

BUSINESS NOTICES.

WONDERFUL SUCCESS.

Three years ago Dr. Boschee's German Syrup was introduced in the United States from Germany for the cure of coughs, severe colds settled on the breast, consumption and other diseases of the throat and lungs. No medicine ever had such a success. 300,000 sample bottles have been distributed every year for three years by druggists in all parts of the United States, and nearly 1000 letters from druggists are now on our files, saying that no other preparation in their stores sells as well and gives such excellent satisfaction. All we ask is for you to go to your druggist, Jas. H. Taylor, and get a sample bottle for 10 cents and try it. Regular size 75 cents.

☞ Just received another lot of those nice sleigh and clipper sleds, which are selling rapidly for 99 cts each; also a large lot of clothes horses 99 cts each. Coal hods, stove poker, lifter and shovel all for 99 cts. Remember Cottrell's block, 2nd door south of post office.

GILLIES' CRUSHED COFFEE.

THE MOST POPULAR BEVERAGE is "Gillies' Crushed Coffee," Java quality. No breakfast is complete without it. Grocers sell it. feb18-eod-u&j

PIMPLES, which so disfigure the face, arise from imperfect secretions of the porous system. Ladies too frequently resort to pastes and cosmetics. They cover over, but only aggravate the cause. Never use lotions for the skin, but try "Constantine's Pine Tar Soap," which cleanses the skin and eradicates the disease. Sold by Druggists. feb25 2w-eod-u&j

The utmost reliance may be placed in the curative properties of Hunt's Remedy for the prompt removal of kidney, bladder and glandular diseases, diabetes gravel, dropsy, female irregularities, ailments of the urino-genital organs, mental and physical debility, and pains in the side, back and loins. This preparation has been for more than a quarter of a century a favorite medicine of family physicians.

To the Afflicted. No matter under what form of sickness you labor, there is one great truth you should keep in mind; All disease originates in an impure condition of the blood. Purify that, and the disease must depart; but you cannot purify the blood by the use of poisonous drugs, and exhaustive stimulants. The best Blood Purifier ever discovered is Dr. WALKER'S famous VINEGAR BITTERS, compounded of simple herbs. feb1-1w

☞ The nausea, heart-burn, and constipation which are among the most distressing attendants of pregnancy have been found easily managed by the administration of an occasional dose of Milk of Magnesia, which is now regarded as the friend alike of infants and mothers. Caswell, Hazard & Co., Agents. marl-1m

☞ A timely dose of Milk of Magnesia administered at the outset of an attack of cholera infantum in summer, will, in nineteen instances out of twenty, dissipate the disease and ensure the escape of the little sufferer from a threatening serious indisposition. Caswell, Hazard & Co., Agents. marl-1m

☞ Dyspepsia, indigestion, headache, sourness, or acidity of the stomach, cured by Milk of Magnesia. It is by far the most effective and agreeable aperient and antacid known, and only needs a trial on your part to prove this. Caswell, Hazard & Co., Agents. marl-1m

Purify the Springs of Life.

It is a sine qua non of health, that the sources of vitality, the "springs of life," should be free from contamination. The fluids which, by their action upon the food, transform it into blood, and the great vital nutrient itself, must be pure, if the muscles, the bones and the brain are to be properly nourished and kept vigorous. To this end the stomach, the liver, the bowels and the kidneys should perform uninterruptedly their various functions, since if these are disturbed the vital fluids speedily become vitiated. The best, nay, the ONLY blood depurient which purifies them, by overcoming those bodily irregularities which produce them, is Hostetter's Stomach Bitters. The principle upon which this salutary alterative acts is as simple as it is philosophic. The origin of most diseases, and invariably those which affect the organs above mentioned, is weakness, caused by insufficient assimilation of the food. The Bitters speedily rectify the cause of the cause of the difficulty by restoring vigorous digestion, so that all parts of the physical structure are supplied with an abundance of pure, rich blood. This increases the activity of the discharging organs, and enables them to throw off the effete matter, which, rankling in the system, destroys health. This bodily refuse having been got rid of, and perfect, assimilation re-established, there is nothing to prevent a healthy and active performance of the various functions. Such being the case, it is plain that the Bitters are not only the most reliable alterative, but an eradicant of those diseases of the liver, bowels and kidneys which contaminate the springs of life.

GENERAL NEWS.

FROM WASHINGTON.

The Tax Bill Passed.

WASHINGTON, March 2.

The Senate took up the tax bill again this evening, the friends of the measure being satisfied from a diligent canvass that they could carry it with the tobacco clause struck out. This amendment had been made in the committee of the whole, but when the bill was reported to the Senate it was not concurred in. After three or four hours' discussion, the bill was passed just as it came from the House, by a vote of 30 to 29.

Twenty Millions Called for—the Bounty Bill.

Senator Logan brought up the bounty equalization bill in the Senate today, and made a speech on it, stating that in his judgment it would cost only about twenty millions. Mr. Sherman opposed it stiffly, and a long debate ensued. Mr. Ferry of Connecticut pointed out the unfairness of the provision of the bill which deducts state bounties, and moved to strike it out. To his surprise the amendment was adopted, enormously increasing the cost of the bill, and to cap the climax the friends of the bill accepted an amendment offered by Mr. Edmunds, authorizing the Secretary of the Treasury to borrow money to meet the expenses under the bill when the funds of the Treasury gave out. The opponents of the bill now counted on a disagreement of the House in these amendments and the appointment of a conference committee which would insist upon the amendments, and so let the bill drop between the two houses. The action of the Vice-President in casting the decisive vote in favor of the bill defeated them again, and there is now a prospect of the success of the bill.

Good for the Rag Men.

The House today not only concurred in the Senate amendment to the postal appropriation bill, but amended it so as to cover public documents now ordered to be printed. This will include the revised statutes, of which each Senator is entitled to twelve copies and each Representative to ten. The franking privilege conferred by the bill as it stands covers the Congressional Record and reprints of speeches which appear therein, public documents now in print or ordered to be printed, agricultural reports and packages of seeds. Every member of Congress is allowed to exercise this privilege for nine months after his term expires, so that all will have ample time to dispose of their accumulations of official literature.

MISCELLANEOUS.

The Manufacturers in Fall River Still Going Ahead.

FALL RIVER, March 2.

The Sagamore mill was closed yesterday afternoon, and the Chace shut down today, the operatives' two weeks' notice having expired. There are now five mills entirely closed,—the Crescent, Stafford, Granite, Sagamore and Chace. These mills employ about 2500 hands, and the monthly pay-roll amounts to about $80,000. Affairs at the Merchants' mill remain about the same as yesterday. They have nearly 300 looms and about 7000 spindles in operation. The latter is a gain upon last week as heretofore. They have been unable to get spinners to go to work. The manufacturers remain silent, and seem determined to hold to their proposal of twenty five cents a cut for weaving, while the strikers continue to clamor for other terms.

The two weeks' notice of the weavers at the Chace Mill expired tonight, but the mill will start up tomorrow morning as usual, giving an opportunity to the weavers who choose to continue their work to do so. The differences would be brought to a close by the strikers at once returning to their work and relying upon the manufacturers to give the prices demanded at the earliest possible day, which it is believed they would do unsolicited.

Another Strike.

Some fifty hands employed in building the railroad to connect with the new bridge of the Old Colony Railroad across the Taunton River, near Slade's Ferry, struck today, demanding $1.50 a day.

GENERAL ASSEMBLY.

ADJOURNED SESSION AT PROVIDENCE.

Senate.

TUESDAY, March 2.

The senate met at 11 o'clock, Governor Howard in the chair.

The chair submitted the communications following, which were received and appropriately referred.

From the legislatures of various states, communications relative to Louisiana matters. Referred to the committee on executive communications.

Communication of federal officers relative to the cession to the United States, of a tract of land at Bullock's Point for a light-house. Referred to the committee on the judiciary.

Communication from parties in New York, relative to the establishment of state boards of health. Referred to the committee on executive communications.

Communications from the centennial board of Philadelphia, and Porter & Coates of Philadelphia, relative to the centennial exhibition. Referred to the committee on executive communications.

Communications from the national prison association. Referred to same committee.

Lieut. Gov. Van Zandt in the chair.

On motion of Mr. Metcalf, the petition of Wm. A. Martin for pardon was referred to the committee on the judiciary.

Also act amending chapter 10 of the statutes "of the levy and assessments of taxes;" act amending chapter 204 "of referees, auditors, and masters in chancery;" and act amending chapter 197 "of certain provisions concerning attachments;" all of which were read, passed to a second reading and referred to the committee on judiciary.

A message was received from the house, with business as follows:

Act amending chapter 245 "of salaries;" chapter 196 "of the service of writs;" and chapter 212 "of the service of executions" were severally referred to the committee on judiciary.

Two petitions of Harriet Swinburne, guardian, for leave to sell real estate, were referred to the committee on judiciary.

On motion of Mr. Metcalf, the judiciary committee was also discharged from the consideration of the resolution granting a pardon to Wm. A. Martin, and that resolution was thereupon taken up and put upon its passage.

Mr. Turner explained at considerable length the facts in that case, substantially given by the governor in his address on the subject at the opening of the day's session, and moved the passage of the resolution.

The resolution was adopted, and the rule requiring every matter to lie one day to allow a vote of reconsideration to be had if desired, being suspended, a certified copy of the resolution was made out and sent over to the jail, so that the prisoner will be released today.

Mr. Armington introduced a resolution requesting the judiciary committee to inquire and report what if any amendments are necessary to be made to chapter 7 of the general statutes, "of canvassing the rights and correcting the list of voters," which was adopted.

The senate then adjourned to Wednesday morning at eleven o'clock.

House of Representatives.

The house met at the usual hour, Mr. Speaker Freeman in the chair.

Mr. Stiness, of Providence, in accordance with previous notice, introduced an act in amendment of 201, general statutes, "of the supreme court." Read, passed to a second reading and referred to the committee on the judiciary.

Mr. Cooke, of Warren, from the committee on finance, reported back a senate resolution to pay Norman N. Mason $50 for services as a witness in complaints brought by state constables, and recommended concurrence with an amendment making the sum $280 instead of $50. A petition accompanied the resolution, which stated that Mr. Mason had attended 233 trials and his travel and witness fees did not compensate him for his time and loss by being kept from attending to his regular business.

The matter was laid on the table by general consent.

(From the Senate).

The report of the state board of pharmacy.

A resolution to pay sundry accounts against the state, in which the house concurred.

An act to amend chapter 119, general statutes, "of the state board of pharmacy," and of chapter 215, "of poor debtors." Referred to the committee on the judiciary.

Act in relation to laying out of streets, with an amendment which was referred to the committee on the judiciary.

The report of the state board of pharmacy was read and placed on file.

Mr. Spencer, of Providence, presented a petition of George F. Bruce and others, relative to taxation of life insurance company premiums. Referred to the committee on judiciary.

Adjourned till tomorrow at 11 o'clock.

WEDNESDAY, MARCH 3, 1875.

CHASED BY A RIVER.

Hanging up my barometer to give it a few minutes to settle, I occupied myself in collecting resin from the pinon pines, which were found in great abundance. One of the principal objects of the climb was to get this resin for the purpose of smearing our boats, but I had with me no means of carrying it down. The day was very hot and my coat had been left in camp, so I had no linings to tear out; but it occurred to me to cut off the sleeve of my shirt and tie it up at one end, and in this little sack I collected about a gallon of pitch.

After taking observations for altitude, I wandered back on the rocks for an hour or two, when, suddenly I noticed that a storm was coming from the south. I sought a shelter in the rocks, but when the storm burst, it came down as a flood from the heavens,—not with gentle drops at first, slowly increasing in quantity, but as if suddenly poured from an immense basin. I was thoroughly drenched and almost washed away. It lasted not more than half an hour when the clouds swept by to the north, and I was in the sunshine again.

In the meantime I discovered a better way of getting down and started for camp, making the greatest haste possible. On reaching the bottom of the side canon I found a thousand streams rolling down the cliffs on every side, carrying with them red sand, and these all united in the canon below in one great stream of red mud. Travelling as fast as I could run, I soon reached the foot of the stream, for the rain did not reach the lower end of the canon, and the water was running down a dry bed of sand; and although it came in waves several feet high and fifteen or twenty feet in width, the sand soaked it up and it was lost. Wave followed wave and rolled along and was swallowed up and still the floods came from above.

I found I could travel faster than the stream, so I hastened on to camp and told the men there was a river coming down the canon. We carried our camp equipage from the bank to where we thought it would be above the water, and then stood by to see the river roll on to join the Colorado.—[Major S. W. Powell in Scribner for February.

THE SPANISH CONQUERORS OF THE INDIANS.—These old Spanish conquerors had a monstrous greed for gold, and a wonderful lust for saving souls. Treasure they must have, if not on earth, why, then in heaven; and when they failed to find heathen temples bedecked with silver they propitiated heaven by seizing the heathens themselves. There is yet extant a copy of a record made by a heathen artist to express his conception of the demands of the conquerors. In one part of the picture we have a lake, and near by stands a priest pouring water on the head of a native. On the other side a poor Indian has a cord about his throat. Lines run from these two groups to a central figure, a man with a beard and full Spanish panoply. The interpretation of the picture writing is this: "Be baptized as this saved heathen, or be hanged as that damned heathen."—[Maj. Powell; Scribner for March.

VEGETINE

Strikes at the root of disease by purifying the blood, restoring the liver and kidneys to healthy action, invigorating the nervous system.

VEGETINE

Is not a vile, nauseous compound, which simply purges the bowels, but a safe, pleasant remedy which is sure to purify the blood and thereby restore the health.

VEGETINE

Is now prescribed in cases of Scrofula and other diseases of the blood, by many of the best physicians, owing to its great success in curing all diseases of this nature.

VEGETINE

Does not deceive invalids into false hopes by purging and creating a fictitious appetite, but assists nature in cleaning and purifying the whole system, leading the patient gradually to perfect health.

VEGETINE

Was looked upon as an experiment for some time by some of our best physicians, but those most incredulous in regard to its merit are now its most ardent friends and supporters.

VEGETINE

Instead of being a puffed-up medicine has worked its way up to its present astonishing success by actual merit in curing all diseases of the blood, of whatever nature.

VEGETINE

Says a Boston physician, "has no equal as a blood purifier. Hearing of its many wonderful cures, after all other remedies had failed, I visited the laboratory and convinced myself of its genuine merit. It is prepared from barks, roots and herbs, each of which is highly effective, and they are compounded in such a manner as to produce astonishing results."

VEGETINE

Is acknowledged and recommended by physicians and apothecaries to be the best purifier and cleanser of the blood yet discovered, and thousands speak in its praise who have been restored to health.

WHAT IS NEEDED.

BOSTON, Feb. 13, 1871.

MR. H. R. STEVENS:

Dear Sir—About one year since I found myself in a feeble condition from general debility. VEGETINE was strongly recommended to me by a friend who had been much benefitted by its use. I procured the article and after using several bottles, was restored to health and discontinued its use. I feel quite confident that there is no medicine superior to it for those complaints for which it is especially prepared, and would cheerfully recommend it to those who feel that they need something to restore them to perfect health.

Respectfully yours,
U. L. PETTENGILL,
Firm of S. M. Pettengill & Co., 10 State St., Boston.

CINCINNATI, Nov. 26, 1872.

MR. H. R. STEVENS:

Dear Sir—The two bottles of VEGETINE furnished me by your agent, my wife has used with great benefit.

For a long time she has been troubled with dizziness and costiveness; these troubles are now entirely removed by the use of VEGETINE.

She was also troubled with Dyspepsia and General Debility; and has been greatly benefitted.

THOS. GILMORE, 229½ Walnut Street.

FEEL MYSELF A NEW MAN

NATICK, MASS., June 1st, 1872.

MR. H. R. STEVENS:

Dear Sir—Through the advice and earnest persuasion of Rev. E. E. Rust, of this place, I have been taking VEGETINE for Dyspepsia, of which I have suffered for years.

I have used only two bottles and already feel myself a new man.

Respectfully,
DR. J. W. CARTER.

Report from a Practical Chemist and Apothecary.

BOSTON, Jan. 1, 1874.

Dear Sir—This is to certify that I have sold at retail 13½ dozen (1832 bottles) of your VEGETINE since April 12, 1870, and can truly say that it has given the best satisfaction of any remedy for the complaints for which it is recommended, that I ever sold. Scarcely a day passes without some of my customers testifying to its merits on themselves or their friends. I am perfectly cognizant of several cases of Scrofulous Tumors being cured by VEGETINE alone, in this vicinity.

Very respectfully yours,
AI GILMAN, 468 Broadway.

NEWPORT, Jan. 7, 1875.

W. H. CARPENTER, M. D.—Dear Sir:—Having received great benefit from your treatment of my case of deafness and discharges from my ears, I beg to offer you my sincere and heartfelt thanks, hoping at the same time this correspondence may be of use to you professionally. To the public I would say, (if you decide to put this in print,) that as the result of Scarlet Fever, I was troubled for the whole of twenty years with a filthy, disgusting discharge from both ears, which made me grow deafer and deafer, and caused a polypus to grow in one ear, and I received no relief until I applied to Dr. C., for a remedy. I at once placed myself under his care, and through his skillful treatment I have completely recovered from the unpleasant and deplorable condition I was in. My faith in Dr. C's skill is unbounded as I considered my case about incurable before applying to him.

RICHARD STAFFORD, No. 8 Cross street.

CERTIFICATE OF MR. JOHN CASWELL.

NEWPORT, R. I., Dec. 13, 1874.

TO THE EDITOR OF NEWS:—I wish to recommend Dr. Carpenter's treatment to such of the community as have Scrofula. I inherited it, and it has always run in my blood, and last Fall it became terrible, injuring my health, and affecting my head and face particularly and so disfigured me that a neighbor that met me did not know me until I spoke to him. I applied to Dr. Carpenter, at the Perry House, and his medicines have met with gratifying success. My health is now good, have very little trouble with the humor, face looks natural, and I hope with a little more treatment, to eradicate the poisonous humor from my system entirely. I reside in Middletown.

JOHN CASWELL.

Catarrh and Polypus.

Home Testimony.

NEWPORT, R. I., Nov. 6th, 1874.

This is to proclaim what Dr. Carpenter has done for me. I suffered from Catarrh 20 years, and the last 10 years my nasal passages were filled with Polypus. I employed physicians from time to time, and two years ago, went to Boston, and was doctored there three months, and left off worse than I began, and I was almost discouraged. But I felt that I must do something, for I was obliged to keep my mouth open and my health was becoming impaired. So I went to Fall River last Spring, and placed myself under the care of Dr. Carpenter. His treatment proved highly satisfactory. He removed and cured the Polypus, I can breathe naturally, the Catarrh troubles me very little and altogether I am comfortable and as well as a man 60 years of age, can expect to be, and I hope this testimony may be the means of securing relief to other sufferers. I reside in Middletown.

ASA PECKHAM.

Permanent Cures of Scrofulous Catarrh.

Testimony of a Citizen of Newport.

My son and daughter were sufferers from Scrofulous Catarrh from birth, and with discharges, swellings upon their necks; and an utter inability to breathe through the nose, they were uncomfortable enough, when we placed them under the care of Dr. Carpenter in 1865. His remedies cured them in a few months and they remain well to this day. I publish this with the hope it may be the means of securing relief to others.

Mr. John Beattie Jr.

(From Fall River News.)

FALL RIVER, Jan. 22, 1874.

W. H. CARPENTER, M. D.,—My Dear Sir:—Allow me thus publicly to expressmy gratitude for the great benefit conferred upon me by your treatment. I was afflicted for years with Catarrh which had become a constant torment to me, the irritation and inflammation having increased until ulceration was the consequence. Your treatment has been attended with the happiest results. I am now comfortable, my head feels well, and I believe myself cured of that terrible disease. JOHN BEATTIE, JR.,

Mr. Beattie is of the well-known firm of Wm. & J. Beattie, Sr., Granite Dealers and Contractors, 2 Quarry street.

A CARD FROM WALTER SCOTT, Esq.

EDITOR OF BORDER CITY HERALD, OF FALL RIVER.

I have known Dr. Carpenter since he commenced practice in this city, and I am satisfied that he is a skillful physician and has been successful in the treatment of a great majority of the cases in which he has been consulted. Of my own personal knowledge, I have reason to testify that quite a number of the individuals cured were nearly hopeless in their condition; some about blind, others deaf, and others laboring under Bronchial and Catarrhal affections, and I have seen the same persons restored under his treatment to their normal state of health. I therefore, knowing these things, without hesitation recommend him to persons suffering from the maladies he has made his special study for years. WALTER SCOTT.

VOICE RESTORED.

TESTIMONY OF MISS GARDNER.

(From Fall River News.)

DR. CARPENTER:—Dear Sir,—My thanks and gratitude are yours. When we consulted you last April I was miserable indeed; I had lost both my health and my voice, and for two and a half years I could only whisper faintly. I had been doctored so much that we had little faith in the ability of any physician to restore me, but your treatment has performed a cure. I can talk aloud, and my health is good, better than for years. You may publish this if you wish; and as I do not reside in Fall River, I will refer to Mr. Wm. H. Mason, No. 44 North Main street, and Mr. and Mrs. Mason Rounds, No. 64 Durfee street, with whom I resided during treatment. Respectfully yours,

MISS HATTIE GARDNER.

Swansea, Mass., Sept. 16, 1874.

Scrofula and St. Vitus Dance Cured.

(From Fall River Herald.)

When we took our daughter Ellen to Dr. Carpenter last May, at the Mount Hope House, she was in a terrible condition from Scrofula and St. Vitus Dance, and was not willing to go among folks, for her limbs jerked and twitched so she had not much control over them, but through Dr. Carpenter's skill she has been restored and is now well. We want this cure known, for some of our acquaintances have taken their children to Europe for treatment, thinking they could not be cured in this country. This case is well known by our neighbors.

FALL RIVER, May 23, 1874.

To my Friends and the Public:

It affords me great satisfaction to be able to testify to the success of Dr. Carpenter in the treatment of my Ears, which were a source of trouble and annoyance to me more than twenty years. Dr. C's treatment restored them, and they have been well several months. I have great confidence in Dr. Carpenter's skill and success in practice, and do not hesitate to recommend him.

Catarrh and Blindness.

(From Fall River News.)

Testimony of Mrs. J. Coomb, of Fall River.

I was diseased with an aggravated form of Catarrh ten years, and in consequence my eyes became affected in December last, and grew worse until I could not go about without being led. Was under the care of several doctors and at the Boston Infirmary, but got no help until I consulted Dr. Carpenter at the Mount Hope House, April 2d. Under his treatment I began to improve immediately, and now I consider myself cured. I think everyone should know there is a physician in Fall River who can cure such diseases. As I am not very well known in this city, I am at liberty to refer to W. Booth, Esq., No. 1 Perry street, who saw me when I was in a state of blindness and since I was cured. MRS. JEREMIAH COOMB.

ACCIDENT

Insurance Company.

Cash Capital, $500,000.

R. D. HUBBARD, Pres. GEO. B. LESTER, Sec.

Insures against all forms of bodily injury induced by accidental means: such as dislocations, fractures, broken bones, ruptured tendons, bruises, cuts, stabs, gunshot wounds, crushing or mangling, burns and scalds, bites of mad dogs or serpents, unprovoked assaults by robbers or murderers, stroke of lightning or drowning &c.

The records of the years are filled with such accidents, and no doubt will be, so long as human carelessness exists. We are beset with them, from the cradle to the grave, and there is scarcely an individual refer, within the sphere of his own family or acquaintance, to some accident in which the indemnity offered by this company would have been a blessing worth much more than its cost.

Policies issued for long or short terms providing for weekly payments, in case of disability, and for the payment of the whole sum, in case of death.

The only company in the country that devotes itself wholly to accident insurance. A yearly policy covers accidents while travelling, while about one's business, while in the street, at home or abroad. The premium on each $1,000 is so small that every man able to secure a policy without the slightest embarrassment. For full and complete particulars inquire of L. D. REASONS

FOR INSURING WITH THE OLD

Insurance Company of North America,

PHILADELPHIA.

1. It is the **Oldest Insurance Company in America**, having commenced business in 1792—and therefore entitled to confidence on the score of **Stability.**

2. It has done a **Successful Business** for **80 Years**, thereby demonstrating the **Ability of its Management!**

3. It has uniformly maintained, during its long career, the **Highest Reputation for Integrity and Honorable Dealing**—justifying, thereby, full faith that your rights will receive fair and liberal protection.

4. It has paid **Losses** in cash, exceeding **$34,000,000**, without the deduction of agent, or a day's delay—a sufficient evidence of the **Wealth** of its Resources, as well as a disposition to meet promptly all liabilities.

5. It has a **CASH CAPITAL and SURPLUS of $1,6?8,?13.?0**, securely invested—an ample **Guarantee Against Disaster**, in the event of unusual and extraordinary losses, which have often swept away companies of limited means.

6. It insures all the better class of property on **Liberal Terms**, for long or short periods, and settles all honest claims for losses **Promptly and Equitably**, at the Agency where the Insurance is effected observing in all its business relations, the **Golden Rule.**

The Insurance Company of North America, writes policies at the same rates as are charged by weak and small companies, though affording double security.

Very low rates on dwelling houses and their contents for three or five years.

Policies made and losses settled at this office.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

SOLICITOR OF PATENTS,

For Inventions, Trade Marks or Designs,

No. 70 State St., opp. Kilby St., Boston.

AFTER AN EXTENSIVE PRACTICE of upwards of thirty years, continues to secure patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, and all papers for Patents, executed on reasonable terms, with despatch. Researches made to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished, by remitting one dollar. Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.

All necessity of a journey to Washington to procure a Patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse."

CHARLES MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a man more competent and trustworthy and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE,
Late Commissioner of Patents.

"Mr. R. H. Eddy has made for me over THIRTY applications for Patents, having been successful in almost every case. Such unmistakable proof of great talent and ability on his part, leads me to recommend ALL inventors to apply to him to procure their Patents; they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." Look at This.

The last ten years have been very disastrous to insurance companies in the United States. More than sixty have failed altogether, and many others have reduced their capital stock or otherwise became greatly weakened. But there are a few that by prudent management and wise liberality on the part of stock holders are much stronger now than ever. Consider the following figures taken from the reports of the Insurance commissioner of the state of New York, for 1864 and 1874.

ÆTNA of Hartford, Assets in 1864.		$3,900,433. 03
" " "	1874.	5,845,502. 05
Increase of assets in ten years		2,015,362. 10
INSURANCE of North America,	1865.	$1,715,171. 78
" " "	1874.	3,203,063. 00
Increase of assets in ten years,		1,547,823. 29
ROYAL of Liverpool, (American Funds) Assets in 1864.		$1,827,094. 0
" " in 1874.		6,078,483. 8
Increase in ten years,		1,295,430. 78
HARTFORD, of Hartford, Assets,	1864.	$1,575,920. 45
" " "	1874.	2,415,681. 51
Increase in ten years,		839,761. 06

This wonderful growth during a term of unparalleled disaster is not the result of good fortune merely, for these companies have been the heaviest losers in Portland, Chicago Boston and other cities, and have paid out millions dollars each year. The facts commend themselves to persons who want RELIABLE insurance in those days of trial. A policy in such companies is worth twice as much as one in any of the untried institutions that are springing up on every hand. The rate is the same.

Dwelling houses and their contents insured for five years at very low prices—lower in fact than is charged by many of the Mutuals where the insured is liable to heavy assessments in case of a large fire in any of our larger towns.

Policies written on all classes of property, and losses paid at this agency.
